and Training for Innovation

Move Forward, Reach Further, Achieve Excellence

We bring HOPE
to the future

October 25, 2022

DR. RUTH FUENTES, CESO V

*Regional Director, Department of Education Region IX
Zamboanga Peninsula*

Dear Ma'am,

Warmest greetings!

Post-pandemic education: what's next? As the Philippines prepares to return to classroom-based learning, educators, mentors, school heads, and administrators ask this question. Initial projections in the recovery period suggested that typical classroom-based learning may not be feasible. So, education must evolve, be creative, and innovate to meet pedagogical designs, technology needs, and authentic student assessment. The conference focuses on post-pandemic education reform.

And in line with this, in partnership with ACERT, Tomorrow International Institute Inc. is requesting to conduct a new and innovative international workshop for our teaching personnel entitled **No One Left Behind: Developing Programs, Learning Materials, and Teaching Strategies for Inclusive Education in the Post Pandemic School Environment** that will be happening this **February 17-19, 2023** held at the **Mardale Hotel, Pagadian City**.

We believe that having a collaboration with your office, programs and activities that will educate, enlighten, and give the students hope and happiness through our teachers and that can be used to help create chances to deliver critical and diverse services.

For more information on this new convenient international training-workshop, contact **Ms. Alyssa Nicole Paurillo** at **0933-465-0623** or e-mail us.

We bring hope to the future,

Gan, Erickson P.
President, Tomorrow International Institute

Program Theme:

Transforming Education in the Post-Pandemic Stage: An International Training-Workshop on Technology Reinforcement, Pedagogical Innovations, Authentic Assessment, and Transformative Leadership

Program Title:

No One Left Behind: Developing Programs, Learning Materials, and Teaching Strategies for Inclusive Education in the Post Pandemic School Environment

Implementation Details:

Date: 17-19 February 2023

Mode: Face-to-Face Format

Location: Mardale Hotel, Pahadian City, Philippines (*subject to change*)

Training Overview:

What will happen to education in the post-pandemic stage? This is the common inquiry among educators, mentors, school heads and administrators as we are preparing back to the classroom-based learning scheme in the Philippines. Initial projections in the recovery period argued that going to the old and traditional approach to classroom-based learning might no longer be the scenario. Hence, education must transform, be creative and innovate to perfectly confront the pedagogical designs, technology requirement, and authentic assessment of student's learning experience. The conference provides an opportunity to tackle pockets of transforming education in the post-pandemic era.

WE BRING HOPE TO THE FUTURE.
